

# IOSH Working Safely

- A short course in the basics of health and safety, with e-learning or in-company training versions available for larger groups.
- It focuses on best practice rather than legislation, it's suitable for candidates from around the world, and not just those from the UK.
- Successful candidates are awarded a certificate from the Institution of Occupational Safety and Health (IOSH).

## IOSH Working Safely

### Who is the course for?

The one day course is designed for people at any level, in any sector, this course is about giving everyone a grounding in the essentials of health and safety.

### Public training:

- These courses are taught face-to-face by our highly qualified and experienced educators in a comfortable, well-equipped classroom.
- Comprehensive, high quality course notes are available for learners to take away.
- For many people, taking time out of a regular office environment lets them concentrate better on their studies.
- Within the classroom, learners from different businesses and backgrounds can enjoy a networking opportunity.

**Available in Birmingham, London and Manchester view dates online.**

### E-Learning:

- Purpose-built, our highly flexible courses are studied online, wherever and whenever suits the candidate.
- Perfect for people who can't take time out of their busy day to attend a course. They are also the most inexpensive way to study industry-leading courses.
- The course includes interactive study modules, PDF texts, exam simulations, practice questions, knowledge checks and videos.
- Learners can have confidence that our highly qualified and experienced teaching team are only a phone call or email away.

### In-Company:

- We visit your organisation and deliver face-to-face training, on your site.
- It's perfect for when delegates can take time out of their day jobs to concentrate on studies, whilst being close enough to deal with those 'emergencies' that happen.
- Courses are taught by our expert educators in familiar surroundings, so there are no travel and accommodation costs for delegates.
- We also provide comprehensive, high quality course notes for learners to take away.

**Please go online to find out more.**

### Course content:

**The course is arranged in five modules:**

1. Introducing to working safely
2. Defining hazard and risk
3. Identifying common hazards
4. Improving safety performance
5. Protecting our environment.

### Assessments

#### Part 1:

10 Question, multiple-choice assessment paper. (20 mins).

#### Part 2:

3 Hazard spotting exercises.

### E-learning

BOTH assessments have to be completed within 5 months of registration (IOSH rules to ensure learning continuity).
