

# Level 6

## Diploma in Occupational Safety and Health

- In 2011/2012, in UK workplaces, 173 workers were killed and over 27,000 were seriously injured.
- This qualification aims to raise employee's awareness of important knowledge and understanding of health and safety in the workplace and is being delivered by hundreds of organisations across the UK.

## Level 6 Diploma in Occupational Safety and Health

### Who is the course for?

This nationally-recognised, professional qualification is for managers and practitioners with specific responsibility for health and safety in the workplace.

### Public Course:

- This qualification is taught face-to-face by our highly qualified and experienced educators in a comfortable, well-equipped classroom
- Comprehensive, high quality course notes are available for learners to take away
- For many people, taking time out of a regular office environment lets them concentrate better on their studies
- Within the classroom environment, learners with diverse backgrounds can interact with each other and take away valuable knowledge to use in the workplace.
- This qualification meets the academic requirement for graduate membership of the Institution of Occupational Safety and Health (Grad IOSH).

**Available in Birmingham and London, view dates online.**

### In-Company:

- We come to you and deliver face-to-face training, on your site
- Concentrate on your studies, whilst being close enough to deal with those 'emergencies' that happen
- Courses are taught by our expert educators in familiar surroundings, so there are no travel and accommodation costs for delegates
- We also provide comprehensive, high quality course notes for learners to take away.

### Distance Learning:

- Courses take place at a venue of the candidate's choosing, whenever suits you
- These courses are perfect for students who can't take time out of their busy day to attend a course
- All course materials are provided in a central location online for delegates to access and study.

### Qualification Content:

**Unit 1 – Element A**  
Fundamentals of Health and Safety Management

**Unit 1 – Element B**
