

Hafedh Al-Qassab
General Manager Refining
Bahrain Petroleum Company (Bapco)

Hafedh Al-Qassab is the General Manager Refining of the Bahrain Petroleum Company (Bapco), Kingdom of Bahrain. As General Manager Refining, he is a member of the Executive Management team at Bapco, and is responsible for the hydrocarbon supply chain at Bapco i.e. the receipt of crude oil through pipelines, storage and processing of the crude, refinery operations, blending and storage of products, and shipment of products through Bapco's wharf. Technical and process engineering support and fire, health, environment and safety functions for the business also fall under his umbrella of responsibility.

Hafedh's whole career has been spent with Bapco, working in the Company's refinery. He has held various roles and responsibilities in the Company within the process engineering and operations functions, including the Manager of Technical Services, and since 2012 he has held the position of General Manager Refining.

Hafedh has 20 years of experience in the downstream oil and gas business. He holds a Masters in Chemical Engineering from Imperial College London, and is a Fellow of the Institution of Chemical Engineers (IChemE). He is a Chartered Engineer (CEng) and also a Member of the Institute of Leadership and Management (MInstLM) UK. He has also been decorated with the Order of Bahrain (Third Class) for services to the Kingdom of Bahrain.

Hafedh is the author and co-author of several technical papers published in industry journals, and he has also presented and chaired sessions at many national, regional and international conferences.
