For more than half a century we've been a trusted guide to excellent health, safety and environmental management. We have educated millions of workers and made hundreds of thousands of workplaces safer for everyone. We do this by sharing information, supporting, advising, educating and campaigning. We are a not-for-profit organisation.

Why choose online training?
It provides a cost and time efficient way of protecting employees. You can be confident that employees' learning is delivered in a consistent and accessible way. Plus, it is a flexible and mobile solution which can fit around a daily schedule.

Why choose us?
We offer a comprehensive suite of courses and qualifications in health safety and environmental management, written and created by our own experts and educationalists. We educate people all over the world to help them improve their knowledge and skills.

Additionally:
- Our bite-sized courses are designed to be simple to use, interactive, relevant and challenging
- Our system provides a complete audit trail of training and risk assessments
- Our high-quality content is comprehensive, with rich learning materials
- Our platform has a robust reporting system
- Our pricing is competitive.
